Buford Pusser's a wrestler, whose wife wants him to settle down, so they go to his home town in Tennessee, where he plans to get into business with his father. But he is shocked to discover all sorts of graft and corruption going on. And when he is a victim of it and decides to strike back by running against the corrupt sheriff. And he wins and wages his own little war against them. A surprise hit when it premiered, Walking Tall carried the theme of one man standing up for his sense of right and wrong. Selmer, a small town in southwest Tennessee, served as the authentic background for the biopic of the heroic southern Sheriff. Joe Don Baker did an admirable job with the role, and the hugely violent film was a surprise hit. Former Sheriff Pusser himself was set to potray himself in the seguel, but he died in a car crash as he as returning from his contract signing in California. The seguel was filmed using Swedish actor Bo Swensen, and a Final Chapter triquel told of Pussers' demise. While the Walking Tall franchise will never be on any list of Classic Film, the original is a great slice of Americana, Circa '70s. It made Bakers' career and perhaps kicked the 'southsploutation' genre of that decade into gear. The movie was so-so. I mean the story was blown a little out of proportion. Think about facts, he didn't defeat the State Line Gang. They murdered his wife, and blew up his home. There should have been a part devoted to the other side of the story...from the eyes of lets say, a bootlegger.

I think the band Drive By Truckers hit it right. "Now they're lined up around the block to see that movie and cryin' for his ambushed wife. Marveling about shot 8 times, stabbed seven. Some folks can't take a hint, they say he didn't take no crap from the State Line Gang, well what the h\*\*\* they talking' about? I'm just a hard working man with a family to feed and he made my daughter cry, I said he made my daughter cry." One great movie! Joe Don Baker does a great job portraying Buford Pusser. This movies deals with a man that has just givin up pro wresting because he is sick and tired of being controlled by someone else. He returns home to Tennessee, and finds the same thing going on. His mother warns him to ignore it, but by accident, he finds out the hard way how these people operate. His battle is an uphill one. First, he is jailed for robbing the local bar. He acts as his own defense at the trial and wins. Then the local sheriff tries to kill him, and is killed himself. Once Pusser is elected sheriff, the fight really begins. He eventually cleans out the graft and corruption in McNairy County, and then he is ambushed, and his wife is tragically killed. Pusser finally has one last showdown with the people at the Lucky Spot. I would like to have seen Joe Don Baker do the other two movies. This movie is a real tear jerker at the end. Walking Tall grabs you where trash and violence invariably do, with excellent performers, shrewd plotting and pacing. [18 Feb 1974, p.74] a5c7b9f00b
